

Your Denver Real Estate Brokerage

If you have found Barrett Associates online, you likely are faced with making a significant real estate decision in the Denver metropolitan marketplace. Whether you are looking to sell or buy a property you have found a real estate organization and web site that can help you to better understand critical real estate issues and with all the tools to help you make informed decisions.

At Barrett Associates we offer a wide variety of options to both residential and commercial real estate consumers.

On the residential side, we tailor seller assistance programs that can meet any real estate requirement and budget. Quality service always comes first, but if a client is willing to contribute to the work and cost involved in selling and marketing their home, we can provide the critical real estate expertise to help them to maximize the "exit value" of their property. With programs ranging from "flat-fee" listings, "fee-based" consulting, "full service" representation, and "auctioning" strategies, we can offer our clients a myriad of real estate selling alternatives. Buyer's can also tailor assistance programs that will enable our firm to rebate a portion of our fees by contributing "sweat equity" to their transactions and taking advantage of "online tools" to help streamline the purchasing process and save everyone valuable time and money.

On the commercial side, we provide similar "cost-effective" programs to tenant & landlord representation, investment analysis, and real estate consulting services.

Founded by University of Denver adjunct real estate professor of 20 years, Kyle has been a practicing real estate consultant, advisor, broker, and recognized authority in both the local and national real estate community.

Thank you for visiting our site and please let us know how we can be of assistance.

Respectfully,
The Barrett Associates Team
