

# BrownFields

LET'S MAKE IT HAPPEN

WORKING  
TOGETHER ON  
BROWNFIELDS  
REDEVELOPMENT

## PARTNERSHIP

## REVITALIZATION

## DEVELOPMENT

On June 19, 2000, the U.S. Chamber and AIG Environmental present the Let's Make It Happen brownfields conference with the goal of exploring the real factors behind successful redevelopment projects. Cities, government agencies, and the private sector will discuss how forming partnerships and combining experience, resources, and technology result in redevelopment projects that benefit everyone.

- 12:00 P.M.**      **Luncheon**

Brownfields are often among communities' top environmental and economic concerns. What is becoming clear, however, is that the communities with the most success identifying and redeveloping their brownfields have achieved that through creative public and private partnerships such as those this conference will showcase.

Please join us after the panel presentations for a reception designed to allow you to meet and network with other attendees. Don't miss this opportunity to benefit from the expertise in attendance. Let's make it happen!
