June 29, 2000

Mr. Kyle Cascioli
Director of Real Estate Acquisitions
LandBank
141 Union Blvd., Suite 30
Lakewood, CO 80228

Dear Kyle:

On behalf of the U.S. Chamber of Commerce and the Environment & Regulatory Affairs Division, thank you for your participation on the "Brownfields as a Path to Sensible Development" panel at the June 19 *Let's Make It Happen* brownfields conference. Your interest and involvement greatly contributed to the success of the event and helped to build the idea of partnership that the conference strove to foster.

The response we have received from conference attendees has been tremendous. The strong turnout, lively discussion and the positive feedback reflect the substance and cohesiveness of the panel presentations. All of these factors combined to help make this our most successful conference to date. Therefore, we are pleased to continue broadcasting the conference via the Internet at www.uschamber.com/brownfields. The ChamberCast will enable your words to reach a larger audience over the next few months.

In addition, we would be interested to receive copies of any stories or publicity LandBank generated either before or since the conference. Information can be directed to Elizabeth Rihani at (202) 463-5858 or via e-mail at erihani@uschamber.com.

Because of your special interest in brownfields redevelopment and active participation at the conference, your feedback is especially encouraged and appreciated. Please do not hesitate to contact us with any suggestions, comments or requests for materials. A list of attendees is enclosed.

Again, thank you for your participation at our *Let's Make It Happen* brownfields conference. I look forward to working with you again to foster Brownfields redevelopment.

Sincerely,

A handwritten signature in cursive script that reads "Bill".
